Working to Keep Costs Down

We focus on managing costs and providing reliable power for the homes and businesses we serve. Every decision we make supports our community, and even small differences in cost add up over a month. That's why customers of our locally owned, not-for-profit utility pay less for electricity than the statewide average.

Did you know?

Our residential customers pay about **$39 less** each month for electricity than the statewide average.*

Our utility avg.	Statewide avg.
11.7¢ PER kWh	**17.2¢ PER kWh**

BEWARE OF SCAMS

Sometimes, scammers try to trick you when it comes to your utility bills. They want to take your money so they pretend to be workers from the utility. While it doesn't happen often, it's good to be prepared. If someone you aren't expecting comes to your door saying they work for Waunakee Utilities or if you get an email or phone call asking for your personal information or money, you should check with us first to make sure it's not a scam.

CALL US WHENEVER YOU SUSPECT A SCAM.
