

TREE TRIMMING MANAGEMENT. FOR RELIABLE POWER.

Waunakee Utilities is in the process of trimming trees and cleaning other vegetation from electric facilities and asks for your cooperation and understanding during the process. This is critical to the reliability of the electric system and safety of our customers and employees.

**QUESTIONS?
CALL THE ELECTRIC SUPERINTENDENT AT 608.849.9955.**

Each year the utility trims around the overhead lines to reduce power outages and fires. Trees are good conductors of electricity because they have sap running throughout the tree. If you touch a tree that is touching an energized wire, you could be electrocuted.

The utility also needs to maintain clearances around underground equipment. A minimum distance of ten feet is required in front of the equipment and a minimum of three feet is required on the sides and rear of the equipment. Trees, shrubs, fences and other obstructions that are in the work zone create unsafe working conditions and add time to outage situations.

We need room to work safely on all utility equipment. Please keep vegetation and structures ten feet away from the front of and three feet from the sides and rear of electric facilities. Obstructions may be damaged or removed during service restoration or maintenance.

Utility crews will be out in the next several months working on maintaining safe work zones. In addition, we ask that all utility easements remain free of obstructions such as retaining walls, fences, vegetation, etc. **If you have questions, please call the Electric Superintendent at 608-849-9955.**

KEEP CONNECTED, STAY SAFE!

Don't let emergencies catch you off guard. Update your contact info with us today!

Whether it's a change in your home phone number, email address, or emergency contacts, we're here to help keep your account up-to-date.

Your safety matters to us, and we want to ensure we can reach you when it's crucial, like during an emergency outage. We'll never share your information and won't contact you with needless requests. Act now to make sure we have the right information on file. It's quick, easy, and solely for your peace of mind.
