

SUBSTATION/METER TECHNICIAN

Waunakee Utilities is accepting applications and scheduling interviews for the newly created position of Substation/Meter Technician.

This position is responsible for the overall testing and maintenance of the four substations and all electric meters.

The ideal candidate must possess comprehensive knowledge of all aspects of the functions related to substations and metering, have the highest regard for safety, bring an exceptional aptitude for technology, and have strong communication skills.

The Electric Utility:

- When fully staffed has a staff of nine employees.
- Serves approximately 7,400 customers in the Village of Waunakee and surrounding areas.
- Receives power at 69kV.
- Distributes power at 12.4kV at four substations.
- Is in process of making upgrades to two substations.

The Village of Waunakee is a fast growing suburb located north of the City of Madison.

A strong compensation and benefit package is provided. Qualified persons must send a resume and completed application that is available from Waunakee Utilities, 322 Moravian Valley Road, P.O. Box 70, Waunakee, WI 53597 or www.waunakeeutilities.com. Questions regarding this position should be directed to Tim Herlitzka, General Manager, at (608) 849-2899 or therlitzka@waunakeeutilities.com. A complete position description is also available on the website. A 30-mile residency policy applies. Waunakee Utilities is an equal opportunity employer.
