

START SAVING WITH A SMART THERMOSTAT

A smart thermostat is a Wi-Fi enabled device that “learns” your habits to help you manage home heating and cooling costs. It adjusts your HVAC equipment based on your home’s unique energy profile and the weather outside, so you can save energy and money without sacrificing comfort. A smart thermostat can save up to \$120 annually and typically pays for itself in two years.

For a limited time Waunakee Utilities residential electric customers can purchase a new, currently-qualified smart thermostat and earn a \$25 rebate from the utility. To receive your incentive please complete and return the form below with proof of purchase and the model number.

SMART THERMOSTAT REBATE

Return this completed form along with a copy of your receipt to our office. Incentive application must be submitted within 90 days of purchase.

Customer Name (first, last)		Utility Account Number
Street Address		
City	State	Zip Code
Home Phone	Daytime Phone	
E-mail		
Thermostat Brand	Model Number	

EARN A \$25 BILL CREDIT TODAY!

You may also be eligible for an additional \$75 dollars from Focus on Energy. Visit FocusonEnergy.com/smart for more information.
